Ebony was born into slavery on a plantation in Florida. Her father was a Seminole Indian, and her mother was an African slave. Ebony's early life was filled with hardship and toil. She was forced to work long hours in the fields, and she was often beaten and mistreated by her master and mistress.

Despite the hardships she faced, Ebony was a bright and curious child. She loved to learn, and she often snuck away to read books that were forbidden to slaves. Ebony's diary is filled with her observations about the world around her, as well as her hopes and dreams for the future.

In her diary, Ebony writes about the daily life of enslaved people on the plantation. She describes the long hours of work in the fields, the meager food rations, and the cruel punishments that were inflicted on those who disobeyed their masters.

Ebony also writes about the resistance that enslaved people showed to their oppressors. She describes how slaves would sing songs, tell stories, and engage in other forms of cultural resistance. Ebony's diary is a testament to the strength and resilience of the human spirit.

Ebony's diary ends abruptly in the spring of 1834. It is not known what happened to her after this date. However, her diary provides a valuable glimpse into the lives of enslaved people during this time period. It is a reminder of the horrors of slavery, but it is also a testament to the strength and resilience of those who were enslaved.

**\*\*Here is an excerpt from Ebony's diary:\*\***

>April 10, 1834

>Today I woke up before dawn and went to work in the fields. I worked all day long, hoeing and planting. The sun was hot and the work was hard. My back is sore and my hands are blistered.

>At noon, we were given a small piece of cornbread and a cup of water. I ate my lunch quickly and then went back to work.

>I worked until sunset. When I finally got back to the cabin, I was exhausted. I ate a bowl of mush and then went to bed.

>I am so tired, but I cannot sleep. I am thinking about my family. I wonder if they are still alive. I wonder if I will ever see them again.

>I am afraid. I am afraid of what the future holds. But I am also hopeful. I know that one day, we will be free.
