Production History

The production of *Fourteen Days* began in early 2020, shortly after the outbreak of the COVID-19 pandemic. Reed and his team traveled to Wuhan, China, to film the early days of the outbreak and interview survivors and healthcare workers. They also conducted interviews with scientists, government officials, and other key figures involved in the pandemic response. The film was shot over a period of several months,

and the production team faced significant challenges in obtaining access to information and footage.

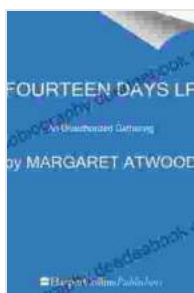

Critical Reception

Fourteen Days received critical acclaim upon its release. Critics praised the film for its unflinching look at the early days of the pandemic, its use of unauthorized footage, and its interviews with key figures. The film was also praised for its emotional impact and its ability to humanize the story of the pandemic.

Cultural Impact

Fourteen Days has had a significant cultural impact. The film has been credited with raising awareness of the early days of the pandemic and the challenges faced by healthcare workers and others on the front lines. The film has also been used in educational settings to teach about the pandemic and its impact on society.

Fourteen Days: An Unauthorized Gathering is a groundbreaking documentary that provides a unique and powerful perspective on the COVID-19 pandemic. The film is a testament to the power of journalism and the importance of holding those in power accountable. *Fourteen Days* is a must-watch for anyone interested in the history of the pandemic or its impact on society.
