From the iconic Ash Williams, wielding his trusty chainsaw, to the cunning Kelly Maxwell and the enigmatic Scotty, you'll have a diverse team to choose from when facing the hordes of darkness.

Ash Williams: The quintessential demon hunter, armed with his signature chainsaw and a knack for witty one-liners. Ash is a formidable force against the evil forces.

Evil Dead: The Game offers two distinct gameplay modes that cater to different preferences. In the cooperative mode, players team up as survivors to face off against the demonic forces controlled by a single player. Together, they must collect map fragments, find the Necronomicon, and ultimately banish the evil that threatens to consume them.

In the PvP mode, players split into two teams: the survivors and the Kandarian Demon. As the survivors, the goal remains the same - to gather map fragments and banish the evil. However, the Kandarian Demon takes on an active role, possessing Deadites, controlling the environment, and relentlessly pursuing the survivors.

Lore: Unraveling the Darkness

The world of Evil Dead: The Game is steeped in a rich and immersive lore that expands upon the established mythology of the film series. Players will delve into the origins of the Necronomicon, encounter new and terrifying creatures, and uncover the secrets that have haunted the woods of Tennessee for centuries.

The game seamlessly blends elements from the original trilogy and the 2013 remake, creating a cohesive and captivating narrative that keeps players on the edge of their seats.
